SUMMARY

Cybersecurity and software engineering student pursuing a Bachelor of Science in Networking with Cybersecurity, with hands-on experience in network traffic analysis (Wireshark), cryptography and secure coding practices, and full-stack web development (Next.js, React, Node.js). Independently developed WardPass, a secure credential-management web application. Seeking an entry-level cybersecurity or software engineering role to apply strong analytical skills, attention to detail, and a security-first mindset to real-world technical challenges.

TECHNICAL SKILLS

Programming & Web Development: JavaScript, Next.js, React, Node.js, HTML/CSS, SQL, PostgreSQL

Cybersecurity & Networking: Network Traffic Analysis (Wireshark), Cryptography & Secure Coding Practices, Networking Fundamentals (TCP/IP, DNS), Vulnerability Awareness

Operating Systems & Tools: Windows, Linux, Git/GitHub, Microsoft Office, Canva

Professional Skills: Project Management, Problem Solving, Troubleshooting, Public Speaking & Presentation, Interpersonal Communication, Mathematics

PROJECTS

WardPass — Secure Password Management Web Application

- Built with Next.js, React, and Node.js; enables users to securely store and manage login credentials, payment card details, and other sensitive information.
- Applied secure-coding and cryptography principles learned through coursework to protect stored user data.

Portfolio — Personal Portfolio Website

- Designed and built a personal portfolio site with Next.js showcasing technical projects, skills, and career journey as an aspiring cybersecurity and software engineering professional.

WORK EXPERIENCE

G.B.I Logistics Company Limited — Data Entry Clerk *June 2024*

Kingston, Jamaica — Part-Time

- Entered and verified shipment records with high accuracy in a fast-paced logistics environment, maintaining data integrity across the company's record-keeping system.
- Organized and maintained structured records within the company database, supporting reliable data retrieval for operations staff.

Emmanuel Apostolic Church — Camera Operator *August 2023 – Present*

Portmore, Jamaica — Volunteer

- Operate camera equipment for weekly Sunday services and special events, ensuring consistent video quality for live broadcasts.
- Collaborate with a production team to deliver reliable, uninterrupted live-stream coverage.

Emmanuel Apostolic Church — Vision Mixer

September 2019 – August 2023

Portmore, Jamaica — Volunteer

- Managed live video mixing and switching for weekly broadcasts and live-streamed services for over four years.
- Coordinated live-stream production schedules with the media team to ensure smooth, on-time broadcasts.

EDUCATION

University of the Commonwealth Caribbean — Kingston, Jamaica

B.S. in Networking with Cybersecurity — September 2026 – Present (In Progress)

University of the Commonwealth Caribbean — Kingston, Jamaica

A.S. in Information Technology — September 2024 – July 2026 (Graduated)

Kingston College — Kingston, Jamaica

Diploma with Honors in General Education (CSEC) — September 2019 – July 2024

CXC Passes (8 subjects, Grades I–III): Mathematics, English A, Physics, Principles of Business, Information Technology, Biology, Spanish, Geography

COMMUNITY INVOLVEMENT & AWARDS

- Hurricane Melissa Relief Outreach & PEP Tutoring — Packaged hurricane relief items for Western Jamaica communities and tutored children preparing for Grade 4 PEP examinations.
- Honor Roll Awardee — Fall 2024, Spring 2025, Summer 2025, University of the Commonwealth Caribbean
- Certificate of Appreciation for Years of Service — Emmanuel Apostolic Church, Portmore
